SKILLS

Languages: HTML, CSS, C, DBMS, C++, Python, JavaScript, Java, Kotlin
Tools/Platforms: Vs Code, Android Studio, SQL, Junit, Selenium, Appium, Jenkins
Soft Skills: Creativity, Multitasking, Leadership

PROJECTS

ChatbotContractAnalyzer Github Link	Mar' 24
- Developed an AI-powered contract analysis chatbot that enables users to upload and interact with contract documents, making complex legal and contractual information easier to understand and access. - Implemented document processing and intelligent text analysis to extract key information from contracts, including payment terms, obligations, termination clauses, and potential risks, improving contract review efficiency. - Built an interactive web-based chatbot interface that allows users to ask questions about uploaded contracts and receive relevant, context-based responses. Tech Used: React, Python, FastAPI, AI/LLM, PDF Processing, Vector Database, HTML, CSS, JavaScript	
Deadlock-Detection Github Link	Sep' 24
- Developed a deadlock detection system to identify deadlocks in operating systems - Implemented algorithms to detect resource conflicts and circular waits. - Built a dashboard to visualize processes, resources, and deadlock states Tech Used: Operating Systems, Deadlock Detection Algorithm, Data Structures, HTML, CSS, JS	
Contract Tracker Mobile Application Github Link	Jun' 23
- Developed a mobile app to track and manage government contracts in Papua New Guinea. - Design a simple interface for managing contracts, projects, and deadlines. - Integrated a database for secure storage and quick retrieval of contract information Tech Used: Kotlin, Android Studio, MySQL, Firebase	

TRAINING

Community Development Project	Jun' 26 – Jul' 26
Cyber Crime Awareness and Prevention	
- Conduct community awareness on cybercrime, online safety, phishing, identity theft, and social engineering. - Educated students and community members on safe internet practices, strong password management, two-factor authentication, and protection of personal information, improving their awareness of cybersecurity risks. - Developed awareness materials on cyber safety, data privacy, and responsible social media use, helping community members stay safe online and avoid cybercrime.	

CERTIFICATES

Microsoft Azure Fundamentals (AZ-900) Bootcamp <i>Bootcamp</i>	Jan' 27
Effective communication skills <i>Skillera</i>	Apr' 24
Introduction to DSA <i>Coding Tantra</i>	Jan' 24
Hack-A-Thron <i>AI/SEC</i>	Aug' 28

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	Aug' 23 – Present
Computer Science and Engineering; CGPA: 6.16	
Passam National School of Excellence	PNG, East Sepik
Intermediate	Jan' 22 – Dec'23
STEM; Percentage: 85%	
USSCE: Percentage: 86%
